

Math Solutions®  
FOUNDED BY MARILYN BURNS

From Houghton Mifflin Harcourt.

# Inspiring a Culture of Math Achievement

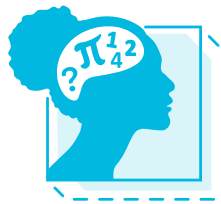

Optimize your implementation and develop a plan focused on growth.

Through a series of online surveys and classroom walk-throughs, our **Needs Assessment** will use data to develop a professional learning plan focused on your challenges and your strengths.

The Math Solutions Needs Assessment is based on the **Instructional Practices Inventory (IPI)**.

LEARNING  
ENVIRONMENT

REASONING &  
SENSE MAKING

FOCUS &  
COHERENCE

FORMATIVE  
ASSESSMENT

Together, we'll identify instructional strengths, opportunities for growth, and ensure you are getting the best experience from your implementation.
