

Fish for Digits!

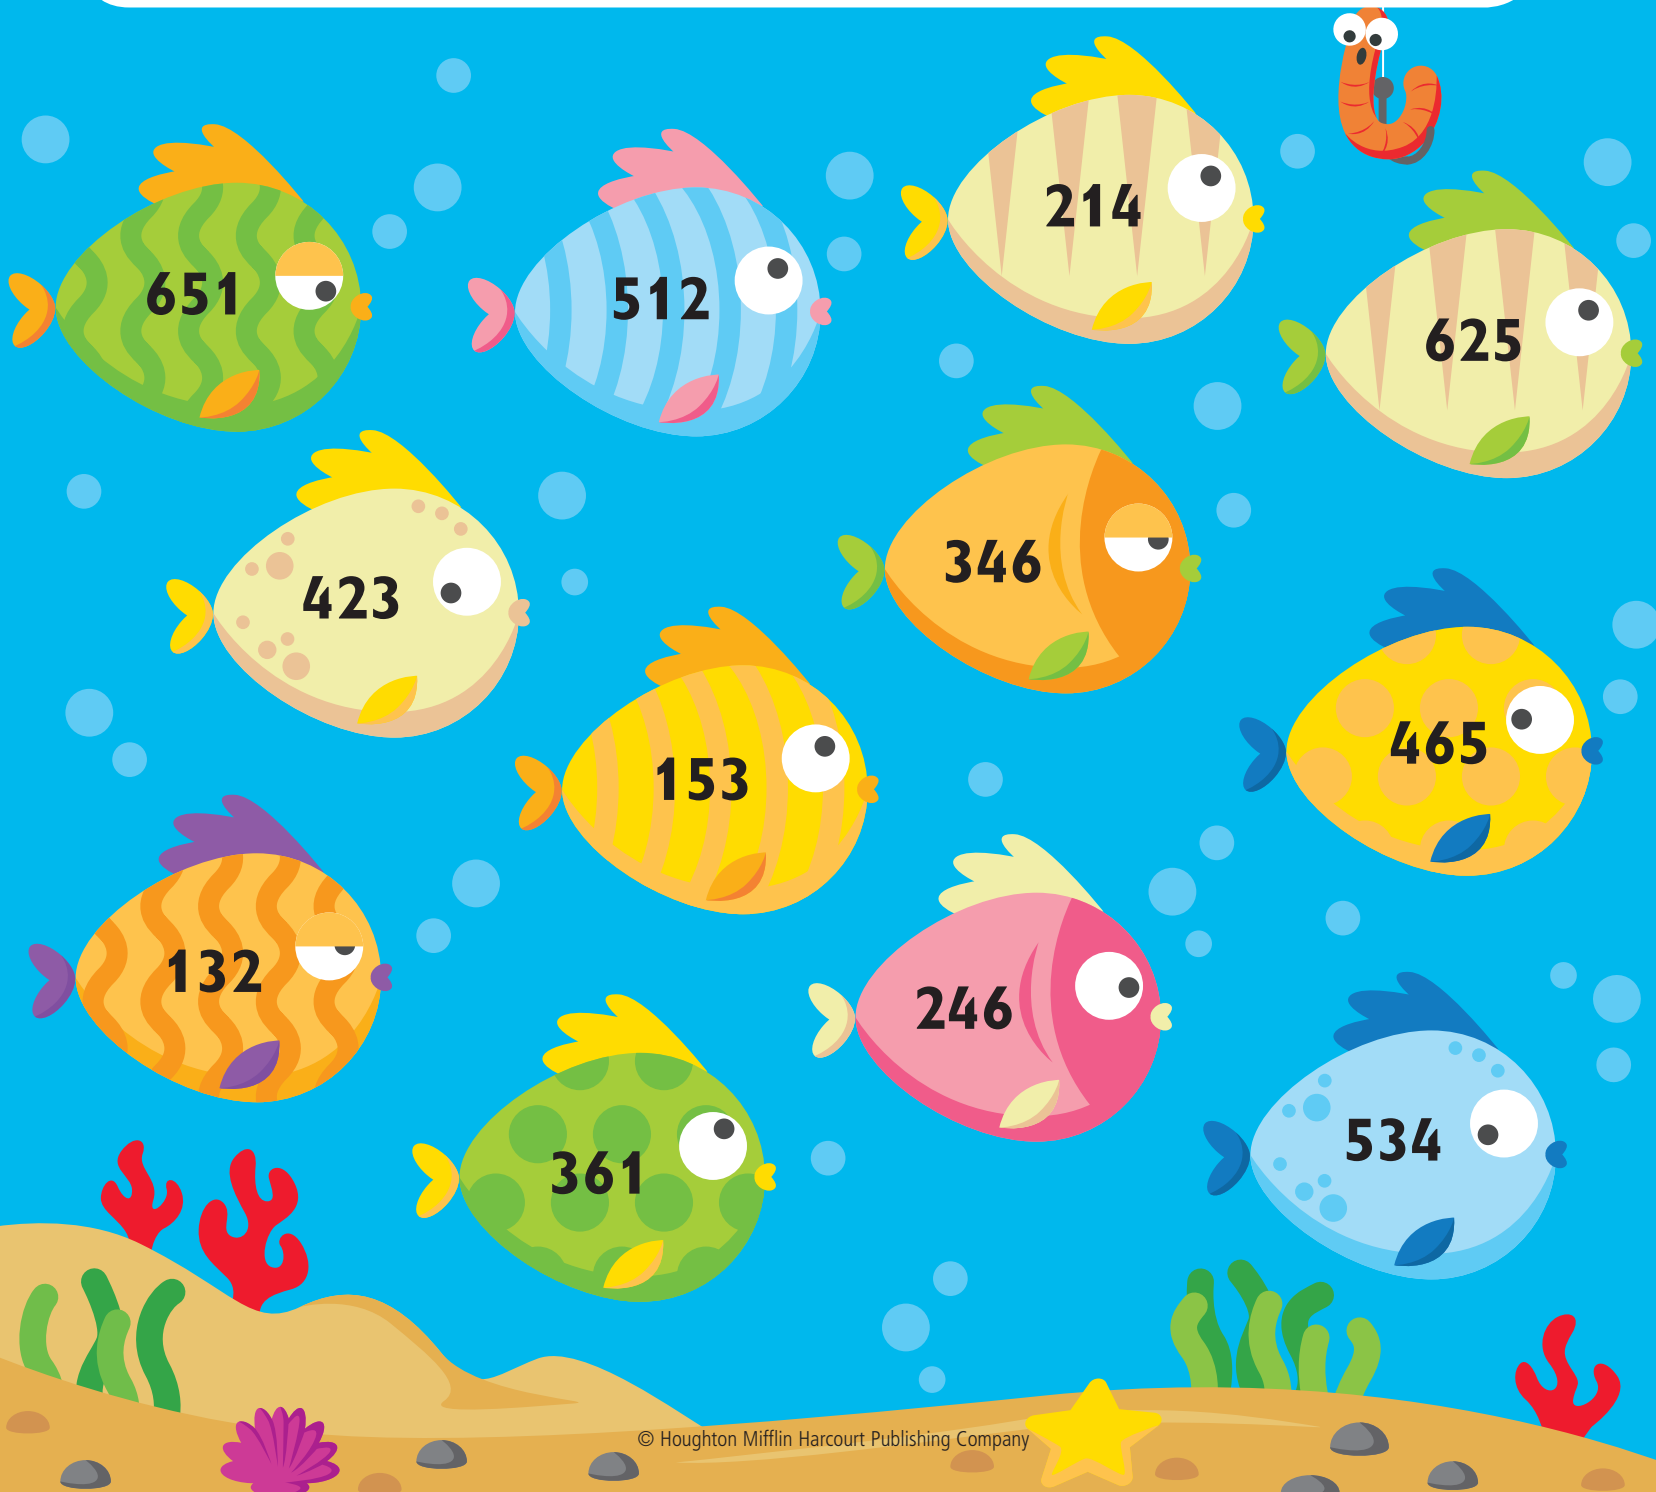

How to Play

Play with a partner.

- 1 Choose a place value: hundreds, tens, or ones.
- 2 Roll the . Say a number with the place value you chose. For example, if you chose hundreds and rolled a 3, say 300.
- 3 Match the  with a fish that has the same place value you chose. For example, if you chose tens and rolled a 1, match to 512 or 214.
- 4 Put a  on that fish. Take turns.
- 5 Match all the fish. The player with the most  wins.

You will need

- 1 
- 12
