

# Getting Started with *Into Math*<sup>®</sup> 2020 Course Agenda

## OVERVIEW

This course develops participants' understanding of the research-based pedagogy and instructional strategies used throughout *Into Math 2020* that contribute to increased confidence, competence, and achievement in mathematics.

Participants explore the unique program components, engaging learning experiences, and built-in support as they begin their journey with Into Math.

## LEARNING OUTCOMES

- Enrich daily instruction by applying knowledge of *Into Math* organization and pedagogy.
- Support differentiation, assessment, and effective instruction using *Into Math* resources and instructional tools.
- Enhance instructional delivery and student learning using HMH technology.

This course is available as a half-day or full-day in-person course or via live webinar.

TOPICS	PURPOSE OF THE SESSION
<b>Setting the Stage</b>	Build community and learn about the agenda and experiences of the day.
<b>INTRODUCING Into Math 2020</b>	Get to know <i>Into Math</i> , including an overview of the design, introduction to growth mindset, and preview of the components.
<b>Student Experience</b>	Experience <i>Into Math</i> from your students' perspectives as you look at the materials they will use and the learning path they'll follow to achieve success.
<b>Teaching and Planning</b>	Discover the instructional flow of a unit, module, and lesson, and explore the tools and resources you'll use to plan, teach and monitor progress.
<b>Assessment</b>	Examine the <i>Into Math</i> assessments and reports, and determine how you'll use data to drive effective instruction.
<b>First Steps for Success</b>	Use tools like the Getting Started Road map to guide and support you as you plan your first lessons using <i>Into Math</i> .
<b>Closing</b>	Reflect on the experiences of the day and the ways in which they positively impact classroom instruction.
