

# Classroom Lesson Observation Tool

Use this form to record your responses to questions before, during, and after the lesson observations. Throughout the observation process you will use your written responses in conversations with colleagues.

## Before the Lesson

What are some things you expect to see students do and hear them say as they work through this lesson?

Anticipated	Examples Observed

## Observations During the Lesson

Capture what you see and hear teachers and students doing and saying during the lesson.

<p>What did the teacher do during each part of the lesson?</p> <p>Introduction:</p>   <p>Exploration:</p>   <p>Summarization:</p>	<p>What questions did the teacher ask? What information did the teacher tell the students?</p>
<p>What talk moves did the teacher use?</p>	<p>What did the students do during the lesson?</p>
